P-300/AD
DESCALING ACID - RUST-REMOVER

PROFILE
P-300/AD is a phosphoric acid-based cleaner that contains surfactants and corrosion inhibitors specific for the removal of whitish efflorescence, lime deposits, concrete, rust stains, plaster, grout residue and wall paneling.

INTEGRATED USE
P-300/AD is used on a wide variety of materials, such as: granite, becola stone, quartzites, serizzo, terracotta, ceramic, porcelain stoneware, Minton. 
Not to be used on marble and natural polished stone.

INSTRUCTIONS
Shake well before use. It is advisable to always operate at temperatures between + 5 °C and + 25 °C and never under direct sunlight during the hot months. Spread on the surface P-300/AD diluted in water in relation to the impurity to be removed. Leave the necessary time, about 10 minutes, determined previously by the tests performed. Rub with hard brush or scratch bitte green or brown on the surface and vacuum with the aid of a wet vacuum bin. Finally rinse with clean water. Avoid using the product on polished surfaces in marble or natural stones sensitive to acids. Protect any surfaces (wood, galvanized, copper, etc.) that could come into contact and then be attacked by the acid product.
Recommended dilutions:
1: 2 with water as a rust on granite, bezza, serizzo, etc...
1: 4 with water for washing terracotta surfaces, granite, greens, etc ...
1: 9 with water for washing porcelain, ceramic, quartzite, etc surfaces
Always carry out tests before proceeding on the entire surface.

PROPERTIES
DILUTION In all proportions, we recommend 1:2-1:9 with water.
YIELD: 10 litres of previously diluted solution are enough to wash 20-40 sqm.
STORAGE: Closed in the original packaging. In a cool place, away from frost and UV rays, it retains its properties for at least one year.
Packing:
12 1-litre bottles
4 5-litre buckets

CHARACTERISTICS
APPEARANCE: liquid
COLOUR: pinkish
ODOUR: pungent
SPECIFIC WEIGHT (20°C): 1.16 kg/l
PURE PROD. PH. VALUE (20°C): 1.4
ACTIVE INGREDIENTS: 17%

COMPOSITION
Phosphoric acid, surfactants, essence, water.

HEALTH
Hazard statements:
H314 Causes severe skin burns and eye damage.
Precautionary statements:
P101 If medical advice is needed, have product container or label at hand.
P102 Keep out of reach of children.
P260 Do not breathe dust / fume / gas / mist / vapours / spray.
P308 Wear protective gloves / clothing and eye / face protection.
P310 Immediately call a POISON CENTER / doctor / ... .
P405 Store locked up.
P501 Dispose of contents / container to ...

Contains: PHOSPHORIC ACID
