# MISTRALL

**BRIGHTENING DETERGENT FOR SURFACES**

## PROFILE

MISTRALL is the result of extensive research with a special high concentration formula for cleaning and treating various surfaces. Thanks to its special formulation, as well as providing a sanitising and brightening action, it prevents the formation of mould, bacteria, pathogenic germs. Available in pine/mint-scented and lemon-scented.

## INTENDED USE

MISTRALL removes surface dirt from a wide range of floors. Thanks to its gentle but strong cleaning action, it is also suitable for delicate surfaces, such as: stone, marble (even polished), wood, cotto, porcelain stoneware, ceramic, laminate, linoleum, etc...

## INSTRUCTIONS

Shake well before use. For routine cleaning, dilute 1-2% (half a glass) in a bucket containing approximately 5/10 l of water, wipe the floor with a cloth (soaked in the solution and wrung out) until clean. It does not require rinsing. For more stubborn dirt, use a higher concentration, then rinse the surface.

## PROPERTIES

| DILUTION  | 1-2% in water for frequent and normal washing, it does not require rinsing. 5-10% in water for old and stubborn dirt, in this case it requires rinsing. |
| YIELD    | With 10 l of diluted solution it is possible to wash approximately 100 sqm |
| STORAGE  | Closed in the original packaging, in a cool place, away from frost and UV rays, it retains its properties for at least 12 months. |
| PACKAGING| 12 1-litre bottles. 4 5-litre buckets. 2 10-litre buckets. |

## CHARACTERISTICS

| APPEARANCE  | liquid |
| COLOUR      | green/yellow |
| ODOUR       | Mint-Pine/Lemon |
| SPECIFIC WEIGHT (20°C) | 0.994 kg/l |
| PHOSPHATES | absent |
| PH (20°C)   | 7.8 |
| ACTIVE INGREDIENTS | 11% |

## HEALTH

The product is not classified as hazardous pursuant to the provisions set forth in EC Regulation 1272/2008 (CLP). No danger symbol is required on the label. It must nevertheless be kept out of the reach of children and must not be disposed of in drain water. In order to protect the environment, we nevertheless advise you to adopt good work practices.

## COMPOSITION

Anionic and non-ionic surfactants, brighteners, perfume, antibacterial agents, glycols, water.

## PROS

- It is a low foam cleanser.
- It does not require rinsing if it is used in the recommended amounts.
- It can be used in various concentrations.
- It releases a fresh and clean scent in the room.
- Suitable for scrubber-dryers.
- Small amounts required, therefore cost effective.
- It maintains the shine of waxed components.
- It does not leave residues on the cleaned surfaces.

Always run some test applications before applying it to the definitive surfaces.
