**PROFILE**
SGRS-SG is a multifunctional concentrate detergent suitable for dissolve natural and mineral dirt.

**INTENDED USE**
SGRS-SG acts quickly on any type of surface. The product exposes its action proportionally to the contact time on the surface for the removal of oily and fatty substances. Ideal for terracotta, cement, natural stones, porcelain stoneware, etc...

**COMPOSITION**
Ethoxylated quaternary fatty amine, non-ionic surfactant, tetrapotassic pyrophosphate, sodium metalylate, wetting agent, essences, water.

**PROPERTIES**
**DILUTION** In all proportions. Recommended 3-10% in water. 
**YIELD**: 10 litres of previously diluted solution are enough to clean from 20 to 60 sqm.
**STORAGE**: Closed in the original packaging, in a cool place, away from frost and UV rays, it retains its properties for at least 12 months.
**PACKAGING**: 12 x 1-litre bottles
4 x 5-litre buckets
2 x 10-litre buckets

**CHARACTERISTICS**
**APPEARANCE**: liquid
**COLOUR**: straw colored
**ODDUR**: characteristic
**ACTIVE PRINCIPLES**: 16%
**SPECIFIC WEIGHT (20°C)**: 1.048 kg/l
**PH** (at 20°C): 13

**HEALTH**
**Hazard statements**:
H314 Causes severe skin burns and eye damage.
**Precautionary statements**:
P161 If medical advice is needed, have product container or label at hand.
P162 Keep out of reach of children.
P260 Do not breathe dust/fume/gas/vapours/spray.
P280 Wear protective gloves/protective clothing/eye protection/face protection.
P310 – Immediately call a POISON CENTER or doctor/physician.
P405 – Store locked up.
Contains: C8-11 Ethoxylated Alcohol DISODIUM METABISULFITE Ethylated Quaternary Cyclicmethyamine Methyl Chloride

**INSTRUCTIONS**
Shake before using. For normal cleaning with scrubbing machines, use the diluted product 3-5% in water. For particularly stubborn dirt such as: fat or black rubber, use the product diluted to 10% in water. Always rinse with clean water. At the application site, the best intervention methods will be adopted. Protect sensitive surfaces that may come into contact with the product. Always run some test applications before applying it to the definitive surfaces.

**PROS**
- Suitable for washing vehicles, engines and mechanical parts.
- It should be used at low concentrations.
- High absorbent capacity.
- Does not contain caustic soda.
- It is biodegradable to facilitate the removal.
- Less environmental impact.
