**Strip-gel**

**UNIVERSAL STAIN REMOVER AND GRAFFITI REMOVER**

### Profile

**STRIP-GE** is a product formulated using various solvents in a thickened formula that allows you to quickly remove graffiti and/or stains of various kinds.

### Intended Use

**STRIP-GE** is suitable for removing oil stains, dirt or graffiti from natural stone, concrete, bricks, plaster, metal, architectural works, clinker, etc. The high viscosity of the product facilitates removal even from vertical surfaces.

### Composition

- Ketone solvents, terpenes, glycol ethers,
- aliphatic agents, surfactants, wetting agents.

### Instructions

- Shake well before use. Before using the product, check its compatibility beforehand on painted areas or on the various surfaces, carrying out some test applications. Apply the product to the surface to be cleaned with a paintbrush and leave it to work for a few minutes, in the toughest cases even for 1-2 hours. Then rub the surface with a hard brush or abrasive pad and rinse with water, even at high pressure, removing all product residues. Repeat the procedure if necessary. **IMPORTANT:** in some cases **STRIP-GE** can make darker the treated surface.

### Properties

- **DILUTION:** Ready for use.
- **YIELD:** 1 litre is enough to wash 4/16 sqm.
- **STORAGE:** Closed in the original packaging, in a cool place, away from frost and UV rays, it retains its properties for at least two years.
- **PACKAGING:**
  - 12 1-litre cans
  - 4-5-litre cans
  - 2 10-litre cans

### Characteristics

- **APPEARANCE:** creamy liquid
- **COLOUR:** yellowish
- **ODOUR:** solvent
- **FLASH POINT:** 76°C
- **SPECIFIC WEIGHT (20°C):** 1.033 kg/l
- **BOILING POINT:** approx. 74°C

### Pros

- **It has a viscous consistency which allows the product to adhere to vertical surfaces.**
- **It is effective and active on graffiti paint.**
- **It is not a volatile product, which is why it can go on working for a long time if it is left on the stains to be removed.**

**Always run some test applications before applying it to the definitive surfaces.**

### Health

- **Hazard statements:**
  - H304 May be fatal if swallowed and enters airways. H314 Causes severe skin burns and eye damage. H412 Harmful to aquatic life with long lasting effects. EUH208 Contains: (R)-pm entha-1,8-diene May produce an allergic reaction.
  - Presymptoms statements:
  - P101 Medical advice is needed, have product container or label at hand.
  - P102 Keep out of reach of children.
  - P260 Do not breathe dust/fume/gas/mist/vapours/spray.
  - P273 Avoid release to the environment.
  - P280 Wear protective gloves/eye protection.
  - P301+P310 IF SWALLOWED: immediately call a POISON CENTER/doctor.
  - P405 Store locked up.
  - P501 Dispose of contents/container to . . .
  - Contains: SOLVENT NAPHTHA (PETROLEUM), LIGHT AROM SODIUM HYDROXIDE.

### Limitation Warranty
